motorcycle he was riding was hit by a car driven by John Skaggs of Centerburg, Ohio who was also injured in the accident which occurred on M-93 just out-side Camp Grayling.

Another accident kept County Deputies busy last weekend when a car driven by Christopher Fehn of Dublin, Ohio, apparently struck a car driven by Angel Ann Judge of Midland in the rear portion of the car and pushed it almost a tenth of a mile near the 4 mile rd. exit on I-75. Five passengers in the Judge car were not injured, and Fehn was treated and released at Grayling's Mercy Hospital.

In a freak accident on south-bound I-75, an 18 foot, 6,000 lb. cabin cruiser apparently came unhitched from its towing vehicle and left the road. The driver, Mario Ciccarelli, was

From Our Corner ...

First things first this week...and right now a major day coming up on the calendar is next Tuesday, August 5th...the day the Primary Election will be held.

This is the day you have the chance to pick your standard bearer for the General Election to be held this fall...

There are many county and township races coming up that should bring out a large voter interest.

What ever you do that day, set aside 15 minutes and exercise your right, cast your ballot for your candidate...there are very few countries this is possible in...

The trials and tribulations of a country editor...last Friday evening we had our ears burned and lost a subscriber due to the fact the Avalanche didn't have anything in that issue pertaining to the start of the AuSable Canoe Marathon or the times when teams were expected at certain sites down river...our caller was so irate over our lame excuse that who ever was handling the publicity for the race did not bring a thing in for us to print mattered little...

Despise all, the race was another huge success with hundreds of spectators following the racers to the finish in Oscoda.

Another big weekend is in store for Grayling...in fact it's beginning to be one of the main summer attractions for our city as this will be the 7th annual festival...plan now to take part...there are many attractions for young and old with the grand parade set for Saturday, Aug. 2nd:

Jack Mason stopped by the office last Saturday, he was the ghost writer of Jack Pine for a number of years...anyhow, he had two things on his mind I guess...first off, he wanted to know if I had worn the T-shirt he had given me about a month ago, we hadn't, but plan on doing so over the Milltown Festival, it is unique...for a newspaper person...the second was a belated thought...he told us not to use the phrase of turkey for our corner...I told him many nights I feel like it is...he remarked there must be a word worse than turkey...and to think there was a day we figured him as a friend...

We really dislike making apologies in our corner, but we felt this young man deserved it...in the photo last week of the Little League All-Stars, Ryan Morford's name was inadvertently left out of the cutlines under the picture...Ryan was 3rd from left in the back row, we are sorry for this omission...

While on the subject of Little League baseball...our major league all-stars lost their first game at Gaylord, but only after extending the winner into the 8th inning...we congratulate you on your efforts...

An idle thought...we hope the Michigan State Highway Commission can get the legal ends that are holding up the progress of the work on the M-72 railroad tracks taken care of so that the completion date for the fall will become a reality...we understand there are legal ties that they are trying to resolve in order to re-route traffic while the work is being done on the crossing...we're happy we live east of the tracks, heading for T.C. now and then is plenty for the ol' fella...

We're closing our corner with two thoughts tonight for our readers to remember...plan on attending the Milltown Festival this weekend for bunches of fun...and the most important...take time out of your day, and do your duty. Vote! It is a privilege, thousands have died for to preserve for YOU!

Have a nice weekend...you can't miss if you join the fun at the festival...

Do You Choose Happiness?

Abraham Lincoln once said, "Most People are about as happy as they choose to be." The remainder of this column can only seek to make this truth more relevant. If you are sad and depressed today, it is basically because of some choices you have willfully made. There are three basic areas of relationship which largely determine our happiness: our closeness with God, our closeness with other people, and our acceptance of self.

1. Happiness depends on our relationship to God. "Who so trusteth in the Lord, happy is he." Proverbs 16:20. "Blessed is everyone that feareth the Lord; that walketh in his ways." Psalm 128:1. "Behold, happy is the man whom God correcteth..." Job 5:17.

The person who trusts God and His Word; who reverences God and obeys Him; and who willingly responds to God's correction, is meeting a primary requirement for true happiness.

2. Happiness depends on our relationship with other people. "He that hath mercy on the poor, happy is he." Psalm 14:1. "Behold how good and how pleasant it is for brethren to dwell together in unity." Psalm 133:1. We need to be concerned about the needs of others. We should strive to live at peace with our fellowman.

Our problems with others usually stem from selfishness. We express bitterness toward them instead of love. We express lust toward others instead of purity and honor. We deal with others in greed instead of empathy for their welfare and feelings. Guilt feelings are created by bad conduct toward others. Soon guilt feelings make us depressed and unhappy. The answer is to seek forgiveness and restitution.

3. Happiness depends on our own self concept. Many people have a very low self-concept. They may even act proud to cover their feeling of worthlessness. Every human being is important by creation. "I will praise thee, for I am fearfully

and wonderfully made." Psalm 139:14. You are a special person created by God in His image. Have you ever thanked God for making you as He did?

You do not need to "do" something to "be" somebody, you "are" somebody by divine creation.

Second, you are important to God by redemption. God so loved you He sent His only begotten Son to die for you. John 3:16. "He that spared not His own Son, but delivered Him for us all, how shall he not with him also freely give us all things." Romans 8:32. "And we know that all things work together for good to them that love God..." Romans 8:28.

The happiest person on earth is one who lives in a right relationship with God and other people, while maintaining a healthy self concept. How can you be unhappy when you know everything which enters your life is for your eventual good and God's eternal glory? Why not choose happiness today? (adv.)

Primary Election—Tuesday, August 5th

DEMOCRATIC PARTY

I would like you to consider me as your Democratic Party candidate for the combined offices of Crawford County Clerk-Register of Deeds in the primary election to be held on Tuesday, August 5th.

MY QUALIFICATIONS ARE:

1. 2 years as office manager of a small loan company.
2. 22 years in the banking field, handling primarily the types of documents that are recorded by our county Register of Deeds.
3. 2 years as office manager of a local uniform and linen rental supply firm.
4. 3 1/2 years as office manager of a local medical facility.

My name will not appear on your primary election ballot due to my late decision to become a candidate for this office; consequently I will be a write-in, or as commonly referred to as a sticker candidate, with stickers being available by contacting me in person or calling my home at 348-9073.

When you vote in the primary election you will be furnished a ballot envelope that provides for write-in candidates. Under the WRITE-IN BALLOT on your ballot envelope, all you have to do is place my sticker below the words WRITE-IN BALLOT, it's really that simple.

Your vote will be sincerely appreciated.

On local culture: My first initiation to Grayling culture came years ago, as a boy of twelve. We had driven into Grayling in semi-darkness. We stopped in some forgotten restaurant for breakfast, then headed for Hartwick Pines. I stood for pictures on the giant logging wheels and beside the Monarch Pine, thinking to myself that this place had to be at the end of the earth.

From that point on, everytime I thought of reality, I thought mostly of the phenomena of being "Up North".

Being here seeps into you more deeply than any form of man-made culture. Surely I enjoy an occasional concert or a dinner out, even a trip to Toronto. But, I always feel the need to come back and recharge.

The culture here is elemental. It comes from the land and the woods. For my own tastes, I associate culture with knowing something; knowing it well enough to recognize it from the inside out or from the bottom up. Culture means really coming to know where you live, and understanding the possibilities the place holds out in terms of learning. Learning, in turn, is the mental process of allowing enough surfaces to grow in your brain so new ideas will find their way in and impact your thinking.

Culture is also the process of soaking up local color. There are people who have lived here a lifetime who are cultured because they have found their "place" in the surroundings around them. They probably have more culture in their fingernails than those of us who think culture is a function of proper reading and socializing. For some unknown reason a sinister force exists in society

that has us duped into believing culture must be something seen or done under bright lights. We believe that culture takes place with a lot of people sitting around wondering why they have come.

I like the local culture of sitting around the Avalanche's back room after 4 o'clock. I like the local culture of walking down Michigan Avenue at 4 a.m. I like the local culture of riverboats, and guides, old fishing camps and men who were around when you had to walk out to the outhouse. I like the local culture of the man who has a sense of what direction he's facing, even while sleeping.

I love the life of watching smoke rise straight up over the whole town at 35 below zero, I love the life of the thick smell of cedar swamps, deep snow, or a chance to knock around places like the Black Bear.

What this Grayling life offers is a sense of permanence. Yet, there is the unavoidable danger of familiarity. So, on the other side of me, I like to walk out to the edge of the river early in the morning, pull in a deep breath of river-fog, then walk into the house and listen to a little Wagner before I take a shower.

Registration for Grayling Christian School will be held all day Tuesday, August 5th at the Calvary Baptist Church. This marks the fifth year for the school. Teachers are fully certified by the state to teach all subjects from kindergarten through grade twelve. The school continues to use the Accelerated Christian Education materials and program. The A.C.E. program is the fastest growing movement in Christian Education with an average of two new schools opening each day across the United States.

Grayling Christian School is dedicated to the kind of education which made our nation great. Since God is the creator of all things, we believe the Bible must be in the center of all education. We believe every person should be taught not only facts, but how to discern between right and wrong. We believe every student should be taught to respect his parents and home. We believe every student should be taught to respect his country and flag. We believe every student should be taught to work hard for all he gets.

Grayling Christian School stands opposed to evolution and all atheistic theories of Humanism. We are opposed to Marxism in all forms including Communism and our own creeping Socialism in America.

Grayling Christian School believes education must stress the basics like Math, Science, English and Social Studies. A person who cannot read, write or figure is very limited in education regardless of the years spent in school. No person can pass the first two years of our school without knowing how to read. Most of our students learn to read in Kindergarten.

Students are accepted into Grayling Christian School without regard to Race, Creed, Sex, National origin, or Religious preference. We only require that both the parents and students support the school.

If you would like a personal presentation of the A.C.E. program, please phone 348-9220, 348-2264 or 348-3481. You will be under no pressure or obligation to make a decision. We desire only those students and parents who desire to be with us.

Thirty-three Grayling women from the Wednesday Auxiliary traveled to Gaylord on Tuesday, July 22, 1980, for their exchange with the Gaylord women. Nine holes of golf were enjoyed in the morning at the Gaylord Country Club.

Following golf, a luncheon of fresh fruit salad and finger sandwiches was served. The following Grayling women received prizes for their rounds: Corrine Smith, low of 46; Florida Nielson and Marge Walker, low putts of 15; Dodie Brady for a birdie on a par 5 hole; Corrine Smith was also recognized for 13 putts; Clara Beaufait and Helen Murch each had a net of 35; Eunice Slusser had the longest drive on hole number 12; Laura Schans was closest to the pin on number 14; and Corrine Smith was closest to the line on hole 18.

In the absence of president Dorothy Phillips, vice-president Phyllis Scheer thanked the Gaylord women for a very enjoyable day and also relinquished the trophy which the Grayling women lost to Gaylord. Grayling hopes to regain the traveling trophy when the Gaylord women are guests here next year.

Some of the Grayling women stayed and played another nine holes in the afternoon.

In regular play on Wednesday, July 23, 1980, Betty Layman took both low gross and low net with 43 and 31 while Liz Vajda and Gloria Nielson each dropped in only 13 putts. Two chip-ins were scored, Pearl Tucker on 6 and Gloria on 4. In Flight B, Jeanne Thompson took both low gross and net with 48 and 31 and Carole Thompson dropped in only 13 putts. Eunice Slusser chipped in for a bird on 2. For Flight C, Evelyn Sager also copped both gross and net

with 53 and 28 respectively, while Mickey Perez again took low putts of 15.

The Monday Night Fun League held their potluck with about 42 women attending on July 28. Next week will be the regular steak night. In golf play which preceded dinner, one chip-in was scored by Barb Lester on number 4. Phyllis Stewart came in with low putts of 14 and Marilyn Reed took a prize for low on the odd holes with a 28.

Senior League All-Stars

Lose To Charlevoix

The Grayling Senior League All Stars traveled to Petoskey Saturday to play against Charlevoix.

Our team, which looked like the stronger team and was never behind until the bottom of the seventh, flashed their power and some fantastic defense through six and two thirds innings.

In Grayling's half of the 1st inning Jim Hull hit a single but was at first as the inning ended.

Pitcher Monty D'Amour retired the first three batters from Charlevoix. One he walked, but then picked him off first.

In the top of the second we had two strike-outs and Pat Hickey hit a single, stole second then was thrown out trying to steal third.

In the third, Monty D'Amour singled and was left on first as the next batter struck out.

In Grayling's fourth inning Brad Trenary singled then moved to second on Jim Schrader's single. Pat Hickey

then singled scoring Trenary from second and moving Schrader to third and Hickey to second on a play at the plate. Then Don Bancroft was up and the squeeze play was called. Bancroft missed the bunt and Schrader was picked off third coming home, then Hickey was thrown out trying to retreat to second. That ended the inning with Grayling ahead 1-0.

In the fifth inning the batters went down in order.

In the top of the seventh, Brad Trenary hit a hot one to the third baseman who overthrew first base and Brad moved to second. Trenary advanced on a passed ball. Schrader flew out to second, then Pat Hickey hit a sacrifice to left and Trenary scored from third after the catch. Don Bancroft then singled and went out trying to steal second while Marty Harris was batting. This left Grayling with a 2-0 lead.

In Charlevoix's half of the seventh the first batter flew to left for one out. The next batter walked and the next batter hit a grounder to Trenary at short who threw him out. Then Schrader threw wild to third and the baserunner scored making it 2-1. The next batter walked, the next man singled, and when that man attempted a steal to second, Pat Hickey threw over the second baseman's head into center field. One more run scored and tied the game. Then we had a man on third with their No. 4 batter up with a 3-2 count. We elected to put him on, then they had a runner at first and third. The next batter was walked which loaded the bases. We went 3-0 on the next batter, then Monty D'Amour battled back to a 3-2 count. Then, on a very close pitch, ball four was called and Grayling lost 3-2.

I was extremely proud of our team's accomplishments and as sad as anyone there in our loss. I was told by almost everyone there, they thought we should have stayed with our same pitcher, which we did. I had to go with my hunches and they have won several championships. Our team should have been playing Rogers City, Sunday, but we came up short on runs. We out hit them 6-3, they had 3 errors to our 1, but the score was 3-2.

We would like to thank the Booster Club for the meal at McDonalds, Mr. Branch and Mr. Wolcott for loaning us the uniforms and all of the parents who followed us cheering us on through our victories and even in our loss.

ELECT ~~ANTHONY~~ ANTHONY - SHERIFF

GOALS and POLICIES

SCHOOL LAW SEMINARS If we are to get a hold on local crime, then we must start early to educate the youth of the community on what the laws entail and how they benefit everyone when properly administered. I hope to set up a program with Middle School and High School administrators whereby the Sheriff and local lawyers make themselves available to explain procedures of the courts as well as the "street law enforcement" all citizens come into contact with each day. These will be informational lectures with time for question and answer sessions. Everyone benefits from a better understanding of one another's viewpoint. If we expect the cooperation of area youth in aiding local law officers, we must provide them with an administration they can talk to, be open with, and trust to be fair and impartial.

COUNTY RESIDENTS DESERVE PREFERENTIAL TREATMENT IN FILLING JOB OPENINGS With Crawford County having one of the highest unemployment rates of any county in the state, county agencies have a duty to make every effort possible to give job opportunities to the residents of the county first. In addition, I feel it is especially important for law enforcement officers to have an extensive knowledge of the people and history of the county. Such prior knowledge and familiarity can often avert problems before they reach the point of criminal behavior.

THE SHERIFF MUST EXERCISE HIS POLICY MAKING AUTHORITY Every four years the people of Crawford County have the opportunity to "speak their minds" at the polls by choosing a Sheriff. In turn, the Sheriff must make his Deputy Sheriffs responsible to him. No county is well served by having ten or fifteen different officers each enforcing their own individual policies. The ensure that the voters retain the ultimate control of the direction of county law enforcement, the Sheriff must take responsibility for those acting in his behalf and must be prepared to take whatever action necessary to ensure fair, impartial treatment for all.

A COMMON SENSE FISCAL POLICY IS ESSENTIAL With the necessity for "belt tightening" throughout the county; the sheriff must be ready to do his part. This can be done in several ways.

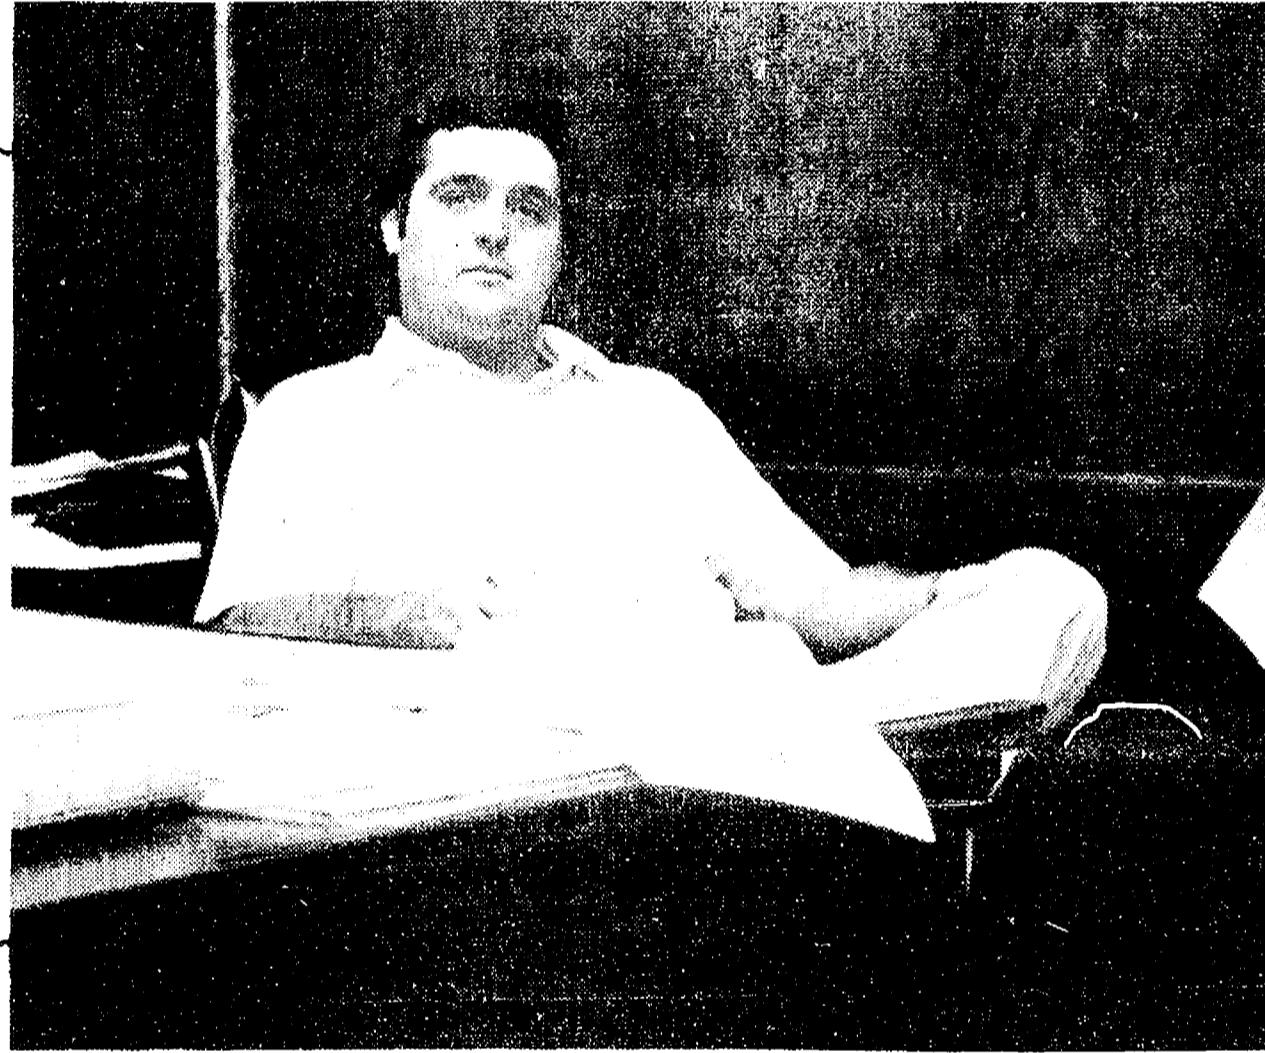

a) a new respect for publicly owned equipment—for example, each new patrol car, once equipped, is worth approximately \$10,000. Any piece of equipment is expendable in a life and death situation, however, these cars are a major investment of public money and, in lesser situations, should be used with care and respect for their value to the community.

b) the institution of new policies that can save money while maintaining or even improving current law enforcement activities.—An example of this would be the "Stationary Patrol" program currently endorsed by the Michigan Sheriff's Association. Under such a program, patrol vehicles are parked at key points throughout the county an average of ten minutes each hour. Such a program can be instituted overnight and can save hundreds or even thousands of dollars in fuel consumption each year while still providing the crime deterrent capabilities of a marked patrol vehicle in the area.

c) an aggressive program to obtain available grant money—In the last four years a number of federal law enforcement grants have become available. These are our tax dollars and we can retain them for Crawford County if we have an administration that is aggressive and experienced in grant application and operating procedures. I have this knowledge and will take advantage of every opportunity to lessen the burden on the taxpayer.

Mike Anthony has the Qualifications to be Crawford Counties' next Sheriff

- Lifetime Resident of Crawford County
- 29 years old
- Graduate of the Macomb Criminal Justice Training Center (finished academically FIRST in his class)
- 3 years EXPERIENCE as an Academy Certified Officer (2 years prior auxiliary police experience)

- Currently employed full time as a Deputy Sheriff
- Extensive Experience in Jail Operations and Inmate Care
- Substantial Knowledge of Grant Funding and application
- A common sense approach to the everyday challenges of Managing a large Department within the confines of a tight Budget

To The Voters of Crawford County,

We have now reached the final days before the August 5th PRIMARY. Over these past weeks I have tried to emphasize the positive goals and hopes I hold for the Future. I have tried to provide reasons for you to vote FOR me, and NOT reasons for you to Vote AGAINST other candidates.

Although I am relatively young by comparison to the other Republican Candidates, I look on this as an asset, not a detriment. The Sheriff's job is a demanding one, both physically and mentally, and certainly it cannot be hurt by youth tempered with Education, Experience and Common Sense. What's more, I have the added incentive of just starting a career in public office; one that could be cut short by giving you, the Voter, less than you deserve. I intend to give my all!!

I spent approximately 13 years, during my schooling and after, working in the business community. During my years at Mac's Drug Store I came to know many of you. In that job I worked hard, with my major concern centered on the well being of others. As a Deputy Sheriff the last three years, my priorities have not changed. As your Sheriff, they will not change.

Finally, let me repeat what I first said to you five weeks ago. I have done my best to be honest and candid. Whether you decide to support me or not, at least I have provided you with a basis on which to make your decision. I have yet to see any other Candidate look to the future; only into the past. If you find yourself in agreement with my Goals and Proposed Policies, I would appreciate your Vote in the August 5th Primary.

If I can answer any questions or clarify my position on any issue for you, feel free to call me mornings at 348-9218 through August 5th.

Sincerely,
Mike

Frederic Community Library

The Frederic Community Library held its second Film Program, Wednesday, July 23, at the Frederic Town Hall with 19 attending.

The films "COUNTRY MOUSE AND CITY MOUSE" and "CURIOS GEORGE RIDES A BIKE" were shown.

Don't forget our movies next week kids the title of the film is "MONRO", can you guess what it is about? There will also be a surprise film.

The story "WOODY WOOD-PECKER, THE PIRATE TREASURE" was the story for the day.

The children again enjoyed cookies and kool-aid in the Frederic Community Park after the movies.

We are also overstocked with books to sell. We have paperbacks for 10 cents and hard cover books for a quarter. Also there are encyclopedias, dictionaries and several types of reference books. If you have your own private library this would be a very easy and inexpensive way to add to it and also help the building fund for the new library.

We also have four new books: They are "Loves Sweet Agony", by Patricia Matthews. The birth place of the Kentucky Derby is the setting of a love story for a young equestrian.

"Crooked Tree", by Robert C. Wilson. A rampaging black bear and human footprints show Axel that the horror has already touched his wife and that the Indian Legend is true.

"Random Winds", by Belva Plain. This is an American saga about three generations of doctors from a quiet turn-of-the-century village in upstate New York to worn-torn London and love on the French Riviera.

"No Love Lost", by Helen Van Slyke. A family story spanning three generations of extraordinary and very different wives, written with keen understanding of the conflicts that beset the modern woman.

Glen's Market grocery tapes are still needed for the Library. They help to provide these Special Summer Programs. Your support is appreciated.

Winners Named In Kid's Canoe Race

Last Friday area youngsters had their chance to race in a shortened version of the AuSable Canoe Marathon. In the youngest age bracket, 11-12 year olds, the race went from Grayling to Louie's Landing. Winners in that race were Barry Methner and Lacey Stephan with a time for the 10 mile run of 1 hour, 10 minutes and 25 seconds. Second place went to Claude Halstead and Don Brooks with a time of 1 hour, 10 minutes and 26 seconds. John Moggo and Jim Sorenson finished 3rd in 1 hour, 20 minutes and 8 seconds. An interesting highlight to the race was the fact that the second place paddlers dropped their paddles and dumped their canoe just before the finish of the race. In the true spirit of sportsmanship, first place winners Lacey Stephan and Barry Methner, turned their canoe around, fished the second place team out of the river, rounded up their paddles, and continued on with the race. Other finishers in the race were: Michelle Beaudry and Kim Shaw.

In the 13-14 year old race, also to Louie's, Stacy Kent and Mick Lovely finished first with a time of 1 hour, 1 minute and 31 seconds. Second place went to Ted Kolka and Joel Kolka with a time of 1 hour, 4 minutes and 17 seconds, Third place went to Tom Brooks and Dennis Hutch with a time of 1 hour, 5 minutes and 58 seconds. Other finishers were: Gary Munday and Van Bennett; Keith Reynolds and Ryan Morford; Mike Hickey and Dave Zigila; Robert Goss and Brad Case; Dennis Case and Bob Gelinski; Gina Bidwell and Debbie Cybert; and Mike Beaudry and Tracy Shaw.

In the 15-17 year old race to Stephan Bridge, a distance of 17 miles, Jamie Radebaugh and Scott Dunckley grabbed 1st place with a time of 1 hour, 52 minutes and 43 seconds. Tom Sorenson and Ron Moggo captured second with a time of 2 hours, 2 minutes and 4 seconds. Third place went to Larry Davis and Dean Parker with a time of 2 hours, 9 minutes and 27 seconds. Other finishers were: Edward Ellerberger and Lorrie Ellerberger; and Don McPherson and Patty Dale.

Paulsen Stars at CC Playhouse

Pat Paulsen, comic, campaign analyst, and producer of both wine and theatre returns to his own Cherry County Playhouse to star in the comic farce, "Murder At The Howard Johnson's," for two weeks August 5 through the 17th.

Pat plays a used car salesman who becomes the target of a murder plot when he is summoned to a motel room at the local Howard Johnson's. Behind this scheme is none other than his wife and his dentist, who have become lovers. The scheme is unsuccessful, but the plot thickens as each member of the triangle becomes the intended victim. Each play is as shoddy as the Howard Johnson's motel room they were conceived in. The only thing that succeeds as planned is the laughs.

"Murder At The Howard Johnson's," written by Ron Clark and Sam Bobrick, opened on Broadway in 1979. In the Cherry County Playhouse production, Sam Bobrick, one of the co-author's will direct the slapstick comedy. Co-starring in the play will be Bob Moak, appearing in his 26th production at the playhouse, and "Laugh-In's" Donna Jean Young.

For tickets and information call the playhouse box office in the dome of the Park Place Motor Inn at (616) 947-9560.

Bit O'Talk

by Fay Bovee

Over the Fourth Holiday, the Sager's daughter, Shirley and husband Leonard Kraatz, one granddaughter Fay Fraatz and friend Carol Clark, all of Saginaw and son, Ralph of Walled Lake, visited.

The following Sunday, Jeanne and Bill Vandermyer of Kitchener, Ontario, arrived for a three day visit following their marriage on Saturday. They are friends who are winter neighbors in Florida.

Vi Kaufmann of Bay City and Maude Maine of Clearwater, Florida stayed with Evelyn and Ab on Wednesday and Thursday.

This past week, Adelaide and Jack Loree of Flint arrived on Thursday and Peg Wilson and

daughter Mary Jane of Grand Ledge arrived on Friday to stay over the weekend. Stanley G. Wilson passed away this last April but Peg and daughter continued an annual visit of the three couples which began in 1956.

On Monday, July 21, Lee Russell of New Port Richey, Florida and Bill Mang of Bay City stopped by and had a surprise dinner to celebrate the 52nd anniversary of the marriage of Evelyn and Ab.

Marilyn and Chum Longworth were in Grayling for a short visit en route to Ypsilanti to attend a wedding before returning to Florida. They left New Port Richey the first of July and visited Chum's son in New Jersey and spent some time in Saginaw before arriving in Grayling where they stayed with Ruth and Ralph Steffee on the Main Stream.

Guest of Mr. and Mrs. George Griffiths at their AuSable River home for a week was her sister, Mrs. Victoria Merle, of Glen Head, Long Island.

Visiting Walt and Marti Nowak for the weekend were his sister and husband, Frank and Esther Killoran of Holiday, Fla. On Saturday, they invited the rest of their sisters and brothers over for a family reunion. Coming from Alpena were Mrs. Julius Nowak, Charles and Lillian Fox, Dave and Marie Nowak, and William and Lucille O'Neil. The day was spent visiting with dinner in the evening. Unable to attend were Ed and Blanche Nowak of Margaret, Fla., and Norm and Virginia McDonald of Hillman.

Mrs. Carl (Arlene) Doroh has a new address: 700 Homestead, Apt. 20, Marquette, Mi 49855, and she would enjoy hearing from her friends. She has resided in Grayling for 27 years and said that she will miss it, but she moved to be closer to her daughter and husband, Gary and Carolyn Townsend. We wish you well in your new apartment!

Mike and Sandy Fleming and children, Michael and Susan, spent several days a week ago with her mother in Saginaw.

"Pride does make the difference! Grayling received a compliment from an out-of-town shopper who has been coming to the area for many years—they said that Grayling does look much better than in the past.

Thanks to a member of the Gray-Lee Judo Club who has found the sidewalk there and completely cleaned it off—I didn't even know it was there—it had vanished so long ago. Tom Robertson has been edging his walk and keeping his yard in shape. Thanks to Tom for the Methodist church flowers in the planter. If you're strolling down Michigan Avenue, Ruth Funkh has turned her hobby of growing African violets into a business, so stop in and look around. She has some very unusual ones!

Also on Michigan Avenue there are flowers growing in the yard of the former Jarmin home and sound of remodeling going on. Around the corner of Chestnut Street, a nice new garage and well-kept yard indicate some new people in Grayling who have pride.

Adkison's Mobil Station has completely redone the front drive and are looking much better, while on the front lawn of the City Building I've neglected to mention the attractive flower garden. I think I missed Skuyler Gibson's roses, but a friend said they were absolutely gorgeous.

The back of the Hanson building is clean-looking with a fresh coat of paint—who says alleys have to be dirty?

I'd be happy to mention anyone's yard or house if you'd like to call me. There are still a lot of weeds out there that need chopping down and more sidewalks to be uncovered.

System not up to task

RICHARD MILLMAN

It is modish during these days of presidential political turmoil and hoopla to decry the nominating system which has presented the United States with the choice of electing either Ronald Reagan or Jimmy Carter...with an outside chance of Independent John Anderson upsetting the entire system.

In other words, the system of primaries and caucuses by which the major party nominees have been chosen simply is not up to the task. The media pundits and political scholars join in chorus to tell us that something is wrong and should be changed.

Personally, I agree. The Almanack has made the point on several occasions. The system which gives us the realistic option of either Carter or Reagan is off kilter somehow, in my opinion.

It is fashionable in the centers of media concentration—meaning Washington, New York and the East Coast generally—to long for a return to the smoke-filled rooms for candidate selection; at least, the argument goes, that will produce candidates who can work with other people, who can get along with Congress, for example, and who can operate the office once they're elected.

That may be true: I, too, have opted for the political-boss school of picking presidential nominees. Although it may not be so democratic—with-a-small-D, it is more efficient. Just look at the 1980 nominees!

Even the European press finds our system wanting. Asks the Frankfurter Rundschau of Frankfurt, West Germany, in a rhetorical question: "Does a nation of astronauts, pioneers, industrial geniuses and Nobel prize winners have no alternative to offer but a Carter or a Reagan?"

So the voters wind up on the short end of the score, by such reckoning. With some 35 or so states conducting primaries this year, the people themselves, who bother to vote in primaries or take part in caucuses, are running the show, and the results are mediocre at best and ludicrous at worst.

This all may be true but I increasingly suspect that most of the grass roots people aren't too unhappy after all with what they have before them.

Lou Harris, who polls for a living, about a month ago, after the Reagan and Carter choices were locked into place, tried to find out how the people felt with the way things looked in the presidential race.

His results showed that overall, 21 percent were "very satisfied" with a Reagan-Carter choice, and 33 percent were "somewhat satisfied." That means 54 percent liked the way things turned out after all

the primaries and caucuses.

Harris' survey went into a bit more detail. He found that by a substantial 66-33 percent margin, Republicans are more satisfied than unsatisfied by this choice, while Democrats expressed a lower 53-45 percent satisfaction and Independents expressed dissatisfaction by a 51-47 percent margin.

These same trends followed, according to Harris, just as you would expect they would in other categories. By geography, the South and the West were satisfied, the East and North were unsatisfied. By philosophy, the pendulum swung from satisfaction among the conservatives, to a break-even 50-48 satisfaction from middle-tilers, to dissatisfaction among the liberals.

Summarized Pollster Harris: "Basically, then, only Republicans, conservatives and southerners liked having to choose between Reagan and Carter." And he adds: "At the moment, all three are choosing Reagan rather than Carter."

What it all adds up to is the conclusion that those who oppose Mr. Reagan are talking to each other, blaming the system that produced him as the candidate for their unattractive alternative of Jimmy Carter.

At the same time, these same primary-dissidents are those showing the most sympathy for the Quixotic quest of John Anderson. Quotes Mr. Harris of his survey:

"Where Anderson picks up, however, is where aversion to both Reagan and Carter is strongest: in the East, in the eight big industrial states of the North, in the suburbs, among young people, among the college-educated, among professional people, white-collar voters, Jewish voters, independents, and middle-of-the-road and liberal voters."

All of these groups of voters—who form the core of the anti-primary wave at the moment—would tend to vote traditional Democrat, and mostly liberal-Democrat, of the Sen. Ted Kennedy school.

Most of these groups also find strength and succor and voice through the centers of media concentration in Washington and New York.

We may be witnessing once more the media making up the nation's mind about scrapping or shaking up the nominating system, which a majority of people actually endorse.

Gee! Does that include The Almanack among the elite media opinion molders whom one great statesman once characterized as "nattering nabobs of negativism"?

BUCKEYES CASH CHEKS—Jack Alef, President of Grayling State Bank, was pleased to say that the Ohio National Guard Co-operated in helping the economy of the Grayling Area by issuing their pay checks on Thursday, July 24, 1980. The above picture is a scene of the lobby at the Grayling State Bank, around 7:00 P.M.

Ford has the best C.A.F.E. of any major U.S. car maker. It's the government's measure of auto companies' progress in gas mileage each year. It is an average using the EPA rating system and projected 1980 total model year car sales mix as submitted to the U.S. government in December, 1979.

Only Ford among the major U.S. companies ranks first on this basis.

*Quoted prices are manufacturer's suggested retail prices, excluding title, taxes and destination charges.

What's this little fellow up to? Where's he going? Why?
He knows. Maybe he couldn't put it into words, but he's just as sure as any little man can be.

He is taking in God's world with all his little-child faith. He knows that tree and how God made it strong against the storm.

Those clouds? He knows God painted them in the sky for him to enjoy.

He knows that more of God's wonders are right up ahead -- and that's where he's going. Just walking **among** God!

In the truest sense of the words, our young friend doesn't have to FIND God -- he is **WITH** God.

We are older. A lot of things clutter up our lives. We are busy losing God. When we do search for Him we scarcely know where to turn.

It would be nice to join this young fellow -- to share his thoughts, his hopes, his dreams, his God.

We can't do that. We don't have a child's faith. But we can come **CLOSER** to God and ease our restless hearts.

We can go to our church -- God's temple, our place of worship.

God will be there.

Chamber Members Visit Ohio Troops at Camp Grayling

Members of the Grayling Regional Chamber of Commerce were guests of the Ohio National Guard last week. They were "treated" to lunch in an Army dining facility—formerly known to old-time soldiers as the mess hall. They then visited Blue Bolt, an engineer site and the weather station at Grayling Army Airfield. Members participating were Bill Ruddy, Gaylord State Bank; Jack Alef, Grayling State Bank; Colonel J.R. Lippert, Camp Grayling; Ron Fraser, Holiday Inn; Walter Nowak, Chamber of Commerce; Peter Allen, WGRY-Radio and Wayne Hindmarsh, WQON-FM Radio. Pictured here are Bill Ruddy, Jack Alef, Peter Allen and Wayne Hindmarsh with Major James Starks of the Ohio Guard. They are standing on an AVIB—a vehicle-launched bridge used by soldiers to cross ditches and streams.

Music Department Expanding at Kirtland

The music department at Kirtland is offering for the first time the "Kirtland Community Musical Ensemble." Director, Mr. Sienkiewicz says, "There are many people in the four county area (Crawford, Ogemaw, Oscoda, Roscommon) that play an instrument but have no means of expressing their playing capabilities in an ensemble situation. This type of musical experience exposes the player to valuable learning situations regardless of his/her musical background."

Rehearsals will be in the evening so people from the community will be able to come and participate. Times and days will be announced in the Kirtland fall schedule. You may join the ensemble for college credit or just participate as a playing member. Along with a concert planned for Christmas, the Instrumental Ensemble will be participating in the college theater production of "It's a bird, It's a plane, It's Superman" Mr. Sienkiewicz urges members of the C.O.O.R. district to come and support this music endeavour.

To accommodate the needs of the instrumental program at Kirtland, the music department is also conducting an instrument drive in the student center at Kirtland on August 8, 9, 15, 16 between 12:00 and 4:00 p.m.

Anyone with an instrument of any kind that is not being used is welcome to donate it to the College. People are also welcome to come out and have their instrument appraised. Remember, if you donate an instrument to the college, the appraised value is TAX-DEDUCTABLE.

Along with the new Instrumental Ensemble, the music department has moved rehearsals of the "Kirtland Community Chorale" to an evening time slot to facilitate the addition of community members. Again members may receive credit or just join as a performing member. Mr. Sienkiewicz, hopes that this time shift will bring about a

**"Family Year" For
Catholic Dioceses**

Focus is on the Family this year with the White House Conferences and the United States Catholic Bishops designating 1980 as "Family Year".

Because of this the Catholic Dioceses across the country were asked to conduct a listening process among their parishioners. The parishioners were asked to share their concerns and feelings about family life in the United States. The object being to celebrate the value of family life and revitalize the church's ministry to families.

As a response to families asking for more events in which the whole family could participate Bishop Edmund Szoka has issued an invitation to the Catholics of the Gaylord Diocese to come together in a Celebration of the Family on August 3rd.

An outdoor Mass is planned at 4:00 p.m. followed by an old fashioned family picnic on the grounds of the Cathedral in Gaylord.

The Bishop urges everyone young, old and inbetween to come and make this a genuine "family event".

**Region Reaches Blood Goal**

For the second year in a row the American Red Cross, Blood Services, Flint Region has not only met its blood collection goal, but exceeded it!! At the end of the 1979-80 fiscal year blood collections were recorded at 52,263 units, against a goal of 52,000. "We are especially pleased this year," said William G. Eargle, Blood Center Administrator. "The layoffs in area General Motors plants, and their effect on the blood program had us concerned, but all our volunteers pulled through and we increased collections by .3% over last year." Eargle went on to explain that eight counties in the Flint Blood Services Region deserve special recognition for their work over the past year.

Antrim, Cheboygan, Emmet, Mackinac, Oscoda, Presque Isle, and Genesee-Lapeer Counties not only met their blood collections goals, but exceeded them. Antrim County collected 913 units of blood toward their goal of 814 units, surpassing their goal by 12.1%. Crawford County collected 593 units toward their goal of 420, going over their goal by more than 40%. Emmet County collected 1,852 units of blood toward their goal of 1,097 or nearly 69% over goal. Mackinac County collected 824 units toward their goal of 593 for an achievement of 38.9% over goal.

Cheboygan, Oscoda, and Presque Isle Counties made goal of 102%, 101.9% and 100.8% respectively, for total blood collections of 2,069 units. The Genesee-Lapeer County blood drives produced 30,468 units of blood against a goal of 27,741, representing 29.8% increase over their goal.

A total of 1,055 separate blood programs were held during this period in the Flint Blood Region, a 26 county area of Northern Michigan. Three hundred and sixty-three of these blood programs took place in communities outside of Genesee and Lapeer Counties. The number of units of blood donated at these out-county blood programs increased by 3.1% from fiscal 78-79.

Blood programs held in Genesee and Lapeer Counties, which include community, industrial and school programs, supplied 30,468 units of blood, or 52.8% of the Flint Red Cross Blood Region's needs.

In regards to the local resident who wrote the letter to the editor stating they wished to "offer some constructive criticism" to the coverage of the 4th of July parade. In addition I would like to comment on their statement, "The Military were only doing a job, while the residents were beyond the call of duty."

First of all, I am sure that anyone felt they were slighted in news coverage for their participation in the parade it was due to an oversight by the local news personnel and not intended, by any means. I feel the local Avalanche does a tremendous job in coverage of all the various organizations and their various programs—parades included. So, "A tip of the hat" to our news editor as he would put it for so many others that do a good deed in the local area or otherwise!

As you look at National Guardsmen, I would hope that the writer would realize it is not just a job to them, that Guardsmen who participated in the 4th of July parade were all local residents of the Grayling area. They themselves realize the thrill of the parade bystander observing the parade, they themselves then participated voluntarily, away again from their families so that someone else might enjoy.

I would like to also point out the fact that these same Guardsmen, along with others, have participated voluntarily in the 4th of July parades this year alone, in Atlanta, Vanderbilt, Wolverine, Lake City, the Grayling Memorial Day parade, the Blue Gill festival at St. Helen, the Polish Festival at Boyne Falls, the Milltown to be held in Grayling and the Memorial Parade in Lewiston. All this on their own time, so you and others may enjoy. So, I say again, like you would say Whitey— "A tip of the hat".

In conclusion, may I thank you for your entry, the time spent, in the 4th of July parade, as we have seen them all and thought to ourselves that things are coming and your interest is appreciated so that others may enjoy!

Elect

Charles H. Knecht**County Board of Commissioners****THIRD DISTRICT****Your Vote Will Assure That:**

BUDGET ; all revenues, including Bond income and costs of disbursements, will be delineated in the budget. This will include Tax Delinquent Bonding or notes.

BUILDING AUTHORITY; if not at present, will be charged and required to administer major repair, renovation, additions or replacements as authorized by Law, within policies set for the authority and its Bonding authority. Contingency financing for this purpose will be reduced to a minimum.

AIRPORT; funding for operation of this will be by all local units if this is indeed a County Airport/otherwise by Federal and State funds and user fees set at a rate so as not to require subsidy by the County including costs of administration.

PRIORITY OF FINANCING; will be reviewed, essential basic governmental functions will be fully funded within allocated funds and user fees (set at a rate to assure payment of costs including administration). Programs, requiring initial partial finance by local government, followed by more of the same or full local funding at a latter date must provide for future funding without robbing other essential functions of their necessary funds. Federal and State funds will be budgeted but expenditures will be restricted until received by the County. An example of improper usage was the late budget cutback caused by spending funds not received by the County much less appropriated by the State not were the funds available from others that would be surplus.

THAT THERE WILL BE NO SUBSIDIZING; an example being the Assessment Roll and Board of Review for the City by the Equalization Dept. at a cost of several thousand dollars less than it would net the City. This additional function from the City plus the inappropriate drastic budget cut for this Dept. cuts the effective manpower for equalization to 1 1/2 persons. Given the duties required by Public Law as delineated by Chapter XV of the Assessors Manual, which is part of the Administrative Rules approved by the Legislature, this Dept. should have 4 certified Assessors and one full time Secretary highly qualified in assessment practices. This to Equalize \$119,000,000 and audit the work of the other assessors as required.

It is the duty and mandatory upon the County Board of Commissioners to fund and to actively supervise this function. A slight investigation would reveal that the audit has been neglected, obstructed and

delayed by both township and Equalization personnel. Computerization does not eliminate the audit function as a matter of fact because of the tendency to slough off, it becomes more pertinent.

THERE WILL BE PROCEDURE TO CORRECT; Unnecessary infighting between the Commissioners and their Elected Legal advisor and representative, whose duties are specified by law, his compensation should be determined before election, if law allows, supplemented during his term only to the same degree other non union personnel are supplemented. Other than salary for duties as determined by law, there should be a standard policy spelling out any other supplemental compensation. There should be no necessity for contracting out legal work unless there be incompatibility.

THERE IS A PROCEDURE FOR CONSOLIDATION: of some of the functions and duties within County Government, such as Building Inspection, Zoning and Equalization and Secretarial pools and telephone answering some of these under one head compatible with License and Certification regulations and revision of job descriptions. Much of this will be against individual desires, but consolidation not empire building is mandatory under current and future budget trends and funding, staffing and policies must be set only in the public interest. The priorities at present considering functions/cost of same and benefits leaves much to be desired.

THERE WILL BE; a study by the Board not some outside agency, of all Federal, State, County and Local Programs to establish priorities as established under the laws to eliminate overlap, to establish policies in accordance with same and revise current and future budgets to reflect for each line dept. and function. First source of funds and Second, amount appropriated and date expenditure authorized.

MY QUALIFICATIONS INCLUDE several years in assessment and equalization, Village and City Government as Council Member, Manager, Construction Inspector, on Sewer and Water Systems, Land acquisition. I am currently a Certified Level III Assessing Official, Lic. Real Estate Sales; Former Member International City Managers Assoc., Retired US Army with Logistical, Personnel, Operational, Maintenance Staff Officer direction at Field Army Level.

GHS Reps at Alma College Leadership Workshop

Alma—Jenny Alef and Mika Fijolek, both students at Grayling High School, were among 90 student leaders and advisors from all over Michigan who attended Alma College's 1980 Student Council Leadership Workshop in June.

The two-day workshop was designed to aid high school Student Council officers, representatives and advisors in exploring their capabilities for leadership and to provide practical techniques for use in their high schools.

General sessions covered communication, decision-making and time-management skills, dynamics of leadership, combating student apathy, fund-raising ideas, dealing effectively with administrators, and a mock student council meeting and critique.

There were also special interest sessions on parliamentary procedure, budget control, promotion and publicity.

Among the Alma administrators and faculty members making presentations at the workshop were Dr. Daniel Behring, vice president for student development; Robert Maust, dean of students; Stephen Falk, director of alumni-parent relations; Dr. Burnet Davis, assistant professor of political science and director of the John R. Rood Public Service Program; and Dr. Robert Smith, professor of speech.

Alma, a private liberal arts college with approximately 1,200 students founded in 1886, is a national model for integrating liberal arts education with career preparation. In 1979, Alma was selected by the Association of American Colleges as one of 10 colleges nationally to be studied for effectiveness of "career preparation practices and innovations...to insure both a liberal education and a job after graduation."

The establishment of a Phi Beta Kappa chapter on campus in April 1980 recognizes Alma as being among the top seven percent of colleges in the United States.

To The Voters of Crawford County

I am a Candidate for the Office of Sheriff

I have been in Law Enforcement for almost 27 years, as an Administrator and Street Officer.

20½ years with the Grayling Police Department, of which 20 was as Chief, 1952-1972

4 years as Sheriff of Crawford County 1973-1976

Almost 2½ years as Patrolman with the Grayling Police Department 1978 to the present.

Of my two Republican opponents I would like to say—

That I'm sure Mr. Anthony is a fine Officer. I have never worked with him, as he is a Deputy for the Otsego County Sheriff's Department. The question is, does 3 years as a Road Deputy and a Turnkey/Dispatch qualify a person for the job as an Administrator to handle a budget of \$390,500.00, and a Department of about 24 personnel?

Mr. Clough started in Law Enforcement about a year after I did. As a matter of fact, he was a Patrolman for me when I was Grayling Police Chief, in 1953. There is no doubt, that he was one of the finest Officers the Grayling Police Department has ever had. Later he became Sheriff for many years. But, he has been out of Law Enforcement for the last 7½ years. (Very important years). There is no way you can compare the Sheriff's Budget and Responsibilities of 1972 to the 1980's.

- Are you going to Vote for a Candidate, because he is a friend, a relative, a nice guy, or because he is qualified as an Administrator, as well as a Law Enforcement Officer?
- The Sheriff's budget runs about \$390,500.00. This is quite a sum to put in the hands of someone, who has little or no Administrative experience.
- The Sheriff's job is about 90% Administrative. The days of the Sheriff answering most of the calls (complaints) is long gone. The Sheriff commands about 24 personnel at the present time.
- Since 1972 the Deputies have been unionized. The Sheriff must be able to work with the Deputies, and stay within the Rules of the Union Contract.
- The Sheriff must be able to work and get along with the County Commissioners. They are the people, who manage and control the County Budget.
- The Sheriff should have the ability to write and apply for Grant funding. [which is no small chore]
- I ask you again—are you Voting for your Candidate, because he is a friend, a relative, a nice guy, or qualified.
